Labrador Welfare's Sponsor Dog Scheme

Registered Charity No 1012192

What is the Sponsor Dog Scheme?

We sometimes get dogs handed over for adoption that have medical problems which requires ongoing expensive medication, or they may need an operation in the future. These dogs are too young to join our foster scheme but are difficult to re-home because the new owner will not be able to insure the dog for the existing condition. We would like to be able to offer some help towards the cost of these specific conditions. There are also dogs with behavioural problems where professional help is required. If we are able to offer some financial help these dogs will stand a better chance of finding a new home. There are also dogs that for various reasons are in kennels for long spells. Your donation would help to support their kennelling bills and to buy them toys and treats.

To join the scheme you will need to make a regular fixed donation by completing the attached standing order mandate. We leave the amount up to you but suggest a minimum of £5 per month. If you join the scheme you will receive regular updates on the dogs you are supporting. For some this support will only be for a short period but for others it can be a life-time commitment. We hope that their owners will be able to send us photos of the dog that we can pass on to you. By joining the scheme you will make a real difference to the lives of these dogs and their owners.
